

Ngwino Nawe village

The village of Ngwino Nawe was delighted to welcome visitors. An American Brad Zirkel was pleased to visit children and to hear from testimony which was given by one of parents who have children with disability at Ngwino Nawe.

He was excited for services that are given to children and he promised to do all possible advocacy wherever he will be able to reach.

Joanna Doyne, a former VSO disability adviser at Rwanda Aid, and her friend David visited and provided equipment at Ngwino Nawe. The equipment are chairs, small tables and toys that children use in their training. Rwanda Aid staff was very pleased to share with Joanna and David great moments during Christmas party at Munzero House.

Transplanting trees in Gihombo Sector, Nyamasheke District

Rwanda Aid supported TWITEZIMBERE Association in implementation of a tree nursery. The tree nursery includes 10,000 trees that will help in reducing malnutrition, erosion and increasing forestation area.

Together with the members of this association and people living nearby the tree nursery, we transplanted 1,200 trees.

Rwanda Aid mentor trainer in Nyamasheke District

Tuyisenge Felix was qualified and appointed as Rwanda Aid mentor trainer in Nyamasheke District.

He was a good teacher in GS Nyamubembe and Rwanda Aid mentor in the same school.

Rwanda Aid staff was very pleased to welcome him and he is enjoying his work.

Enterprise development projects

Simon from Mururu Fruit Company thanks Rwanda Aid for training and support that were given to this company.

They are now able to keep records, which they were not able to do before and they are making juice from pineapples and passion fruits. They also need Rwanda Aid assistance in growing different sort of fruits in one hectare of available land.
